Portable Fire Extinguisher Stand

the Centurion™

fits ALL 10 lb and 20 lb ABC
 Fire Extinguishers

Plastic Cabinet (PC-Sold separately on page 9) cabinet with body and frame injection molded in red virgin high-impact crystal polystyrene of .110 wall thickness with ultra-violet inhibitors, virgin acrylic Plaskolite™ panel of .080 thickness. Chromium plated brass safety lock and key with weather-proof protective lock cover and polypropylene plastic injected molded hammer.

- Red bodies shipped with red hammer and lock covers
- the Centurion fits ALL 10 lb and 20 lb ABC fire extinguishers, fully assembled portable fire extinguisher stand (extinguisher not included).
- Lightweight molded polyethylene for maximum weatherability
- Equipped with required safety decals
- Environmentally safe sand filled base (10 lb has 20 lbs of sand, 20 lb has 25 lb sand base)
- Top and bottom 16 ga steel Galva Coat brackets are powder coated
- Faultless casters for easy mobility

Options:

- Mini Theft Stopper (item ST1-6255)
- Large Vertical Decal and Arrow Decal (item 004 and 006)

NOTE: Must be placed in a visible area and easy to access.

(Extinguisher not included)

TRAFFIC Safety Products

Safety Vests

AV100
AV100-R reflecterized
Reflectorized Safety Vest

Brilliant fluorescent orange color can be seen for long distances even in bad weather and semi-dark conditions. Semi-flexible, knitted vinyl material is exceptionally rugged. The reflectorized model has yellow reflective stripes on the front and back of the vest to make workers visible for great distances and at night.

Safety Cones

1005 Standard 28"
1002 Standard 18"
REF-Collars

Reflective Collars

- Anti-fade, fluorescent orange color
- Broad base for stability
- Heat resistant to 160°
- Meet NCHRP350 requirements
- Meet MUTCD and FHWA requirements
- Elongation: 200%
- Tear strength: 250 psi

Safety Triangles

1092

Pyraflare Emergency Warning Triangle

This durable safety triangle is held in place by a positive base lock that is activated by rotating it 90° to the base, aligning it perfectly so it will not tip over or be affected by truck turbulence. Comes with convenient carrying case. Exceeds FMVSS 125 specifications and meets all D.O.T. standards.

GUARD Posts

Sentry Guard Posts

SGP

- 48" high, 14" tapered base made of durable, weather-resistant polyethylene
- Quickly and easily works with plastic chain for versatile traffic configuration
- Integrated snap-on cap for internal storage and ballast options

SAFETY STORAGE Products

Lead-free technology featuring environmentally friendly hot dipped 24-gauge steel, baked on powder coat finish

Patented comfort grip trigger release

Fixed handle

Spring closing lid with neoprene gasket vents at 5 psi internal pressure

HDPE funnel fits unleaded fuel tanks, also available separately

Non-sparking brass flame arrestor and pour spout

Deep drawn construction means no top or side seam, the ONLY deep drawn unleaded can made

Double interlock no-weld bottom seam

U2-51-S 7/8" spout, 5 gal **U2-51-SX5** 5/8" spout, 5 gal

Product Features:

- Two openings, one with a pressure-relief spring closing lid for filling, one with an actuated pour valve with a flexible metal spout for safer controlled dispensing
- Filler spout and flame arrestors in both openings are non-sparking brass for flashback protection
- Also available in blue for kerosene (B) and yellow for diesel (Y), add color code to end of model number
- Compliance: OSHA and NFPA Code 30 requirements
- UL and ULC listed and FM approved for safe handling and storage of flammable liquids

DOT Transport Safety Cans

1215 5 ga

Product Features:

- Has double-walled brass flame arrestors in filler opening and pour spout
- Help reduce the danger of explosions while dispensing flammable liquids through a flexible metal spout
- Compliance: OSHA 29 CFR 1910.106, 1925.152 and NFPA Code 30
- Heavy duty roll bars protect both spouts and a thumb screw mechanism assures that the filler opening stays closed while being transported

Type I Poly Lab Cans

1535 white poly, 3 gal

1541 white poly, 5 gal

Product Features:

- Impervious to many liquid chemicals, acids, caustics, solvents and corrosives
- Help reduce the danger of explosions
- High density polyethylene cans are dent and puncture resistant and feature corrosive resistant stainless steel fittings and brass grounding connectors
- HDPE with stainless steel fixtures

1206G (5 qt)

 17 1/4" x 43 1/4"

Cigarette Receptical

1206 5 quart (gray or black)

1208 4 gallon (gray or black)

Product Features:

- Ideal for "smoking areas" inside or out
- Made of high density polyethylene with UV inhibitors
- Galvanized steel collection bucket inside
- Top of container removes easily to access and empty the bucket and keeps water out
- Eliminates waste smell
- All are FM approved

Container top removes easily to empty internal galvanized steel bucket

- 935-FL 10 gal 935-FLY 10 gal
- 937-FL 14 gal 937-FLY 14 gal

Product Features:

- Fire safe temporary storage of solvent, waste rags, shavings and other materials subject to spontaneous combustion
- Polyethylene construction for excellent chemical resistance
- Self-closing lid w/foot lever
- All are FM approved
- Compliance: OSHA 29 CFR 1910.108 and OSHA 29 CFR 1910.106
- Comes in high visibility yellow (FLY) and red (FL)

Disposal Cans

(special order only)

- 1323 type 316 stainless steel 2 1/2 gal
- 1325 type 316 stainless steel 5 gal
- 1423 galvanized flame arrestor 2 1/2 gal
- 1425 galvanized flame arrestor 5 gal

Product Features:

- Galvanized steel is ideal for disposal of flammable petroleum based wastes
- Type 316 stainless steel recommended with most alcohols, ethers, aromatics, hydrocarbons and chlorinated hydrocarbon wastes
- All are FM approved and feature wide 4" spout cap that locks open to 80 degree angle
- All have flame arrestor, a free swinging handle and auto vent cap

Metal Plunger Cans

- P-701 1 quart
- P-702 2 quart
- P-704 4 quart

Product Features:

- Red galvanized steel construction, ideal for cleaning with flammable or volatile fluids
- When the dasher plate is pushed down, the safety can dispenses a small amount of liquid to easily moisten sponges or rags without messy or dangerous spills
- All are FM approved
- Compliance: OSHA 29 CFR 1910.106, 1925.152 and NFPA Code 30
- All have brass flame arrestor dasher screens and pump assemblies

SAFETY STORAGE Products

Safety Cabinets: Flammable Liquid, Tower, Paint and Ink, Acid and Corrosive, and Poly Acid and Corrosive

Product Features:

- Cabinets available from 4 gal to 120 gal
- Cabinets are available in 2 door styles: manual 1 and 2 doors and self-closing, self-latching w/hydraulically operated doors w/fusible links
- Meet OSHA and NFPA Code 30 Specifications
- High visibility safety yellow HDPE
- Self-closing models meet UFC 79
- Cabinets are available in 4 colors based on the type of cabinet

Reinforced double wall construction w/1 1/2" air space on sides, top, bottom and doors

Lead-free high gloss baked-on powder coat finish

2" vent w/fire baffle and cap on both sides

Internal and external welded construction

Tri-lingual warning labels

3 point key lock w/button latch, all cabinets have self latching doors

Continuous piano hinge

Ground connector

Adjustable galvanized steel shelves holds 350 lbs. Includes 4 3/4" centers for shelf brackets

2" raised leakproof sill

4 adjustable galvanized leveling legs

Available 4 colors

(based on the type of cabinet you need)

WARRANTY

Strike First Corporation of America

Extinguisher Warranty

Strike First Corporation warrants its fire extinguishers to be free from defects in material and workmanship for a period of six years from the date of purchase. During the warranty period, any such defects will be repaired or the defective extinguisher replaced (**IF THE ORIGINAL SEAL IS INTACT AND/OR IF ONLY FACTORY**

REPLACEMENT PARTS HAVE BEEN USED TO SERVICE THE EXTINGUISHER). This warranty does not cover defects resulting from modifications, alteration, misuse, exposure to corrosive conditions or improper installation or maintenance. **ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF FITNESS FOR PURPOSE AND MERCHANTABILITY ARE LIMITED TO THE TIME PERIOD AS STATED ABOVE. IN NO EVENT SHALL STRIKE FIRST CORPORATION BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.** Strike First Corporation neither assumes nor authorizes any representative or other person to assume for it any obligation or liability other than as expressly set forth herein. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Fire Extinguisher Cabinet Warranty

The Strike First Corporation of America (the "Seller") provides the following warranty of its cabinets: All cabinets sold hereunder are warranted to be free from defects in material and workmanship for a period of one (1) year. The purchaser agrees that he will inspect the goods upon delivery. Every claim for defective material or workmanship or negligence or from any other cause shall be deemed waived by the purchaser unless made to the Seller in writing within ninety (90) days of the date of shipment from purchaser to purchasers' customer provided that all such claims for goods restocked for resale must be submitted in writing to the Seller within one (1) year from receipt by purchaser of the goods to which such claims relate. Defective goods for which a valid claim has been made shall be returned to the Seller and defective goods so returned will be replaced or repaired without charge, but the Seller shall not be liable for any other loss, damage or expense, **INCLUDING BUT NOT LIMITED TO CONSEQUENTIAL DAMAGES**, directly or indirectly arising from the condition or use of the goods or from any other cause, the exclusive remedy against the Seller being to require the replacement or repair of defective goods. **THIS WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY PROVIDED TO THE PURCHASER. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION OF THE FACE HEREOF. THE SELLER HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS AND IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

ADA COMPLIANCE

ADA ACCESSIBLE GUIDELINE 4.4

Cabinets and Fire Extinguishers projecting from walls with their leading edges between 27 inches and 80 inches above the finished floor shall protrude no more than 4 inches into walks, halls, corridors, passageways, or aisle. Objects mounted with their leading edges at or below 27 inches above the finished floor may protrude any amount. Freestanding objects mounted on posts or pylons may overhang 12 inches maximum from 27 inches to 80 inches above the ground or finished floor. Protruding objects shall not reduce the clear width of an accessible route or maneuvering space.

To comply with ADA Guidelines, Strike First Extinguishers and Cabinets offer handles, brackets and return trims according to instructions provided by installer. For ADA compliance follow the specification ordering process dimensions in our catalog. Proper installation in accordance with the ADA Guidelines is the sole responsibility of the installer.

SPILL CONTAINMENT Products

Modular Spill Platform System

Product Features:

- Can be arranged in many suitable configurations
- Low profile for easier loading and unloading
- 30 gallon spill capacity per 2 drum side
- Blow molded high density polyethylene construction for superior strength and excellent chemical resistance
- Each 2 drum unit includes one 2' U-channel connector to join units
- Removable poly grating

1632 Battery Storage

This marker indicates compliance with EPA spill prevention, control and countermeasures regulations.

1634 4-Drum
52 1/2" x 51 1/2" x 6 1/2"

Model #	Description	Dimensions	Spill Capacity	Load Capacity
Modular Spill Platform System				
1632	2-Drum Modular Platform	26 1/4" x 51 1/2" x 6 1/2"	30 gal	5,000 lbs
1633	1-Drum Modular Platform	26" x 26" x 6 1/2"	12 gal	2,000 lbs.
1634	4-Drum Modular Platform	52 1/2" x 51 1/2" x 6 1/2"	60 gal (30 per)	10,000 lbs.
Platform Containment Platforms (Special Order Only)				
1647	4 Drum In-line Spill Platform	106" x 30 1/4" x 6 3/4"	30 gal	5,000 lbs
1686	6 Drum Pallet Unit Profile	77" x 51 1/2" x 6 1/2"	12 gal	2,000 lbs.
1688	8 Drum Pallet Unit Profile	104" x 51 1/2" x 6 1/2"	60 gal (30 per)	10,000 lbs.

1642	Grating	51 1/4" x 25 1/4"	-	-
1642-S	Grating square	25 1/4" x 25 1/4"	-	-

1647 4-Drum In-line
106" x 30 1/4" x 6 3/4"

Spill Containment Platforms (Special Order)

Product Features:

- Low profile for easy access
- Polyethylene construction for excellent chemical resistance
- Grating with 1 3/4" square opening that removes easily for cleaning
- Compatible with Poly Ramp 1689
- Meet EPA requirement for secondary spill containment of hazardous materials (40 CFR 264.175)

Drum Stacking System (Special Order)

- 1606 single stacker
- 1607 double stacker
- 1608 shelf
- 1642 grating
- 1642-S grating (square)

Product Features:

- Polyethylene construction for excellent chemical resistance
- Units interlock into spill pallet grating for stable drum storage
- Shelf attaches easily for filling more than one container at a time
- Stackers let you double up on storage
- Double stackers are forkliftable

1689 Poly Ramp
45 1/2" x 32" x 8"
see information on page 14

*Fits all Platforms and Pallets

System works with all Platforms or Pallets

SPILL CONTAINMENT Products

1649 4-Drum Storage Building w/optional Poly Ramp (1689)
 66 gal. spill capacity
 57 1/2" x 57 1/2" x 72"
 Door opening: 49" x 50 5/8"

Outdoor Containment

4 Drum Storage Building

1649 4 drum

- Securely store up to 4 drums, up to 8,000 lbs. load capacity
- Four-way forklift pockets, vented door louvers
- Removable grating and top hooks for moving
- New door size fits 48" x 48" pallet
- Compliance EPA CFR 264.175

Rotary Top Containment

1646RTC 4 drum

- Securely store up to 4 drums, up to 6,000 lbs. load capacity, 66 gal sump, rotary style pallet
- height of cover allows storage with drum pumps in place
- 100% polyethylene construction resists corrosion and weathering
- Dual entry with rotary top
- Compliance EPA 40 CFR 264.175

1646RTC 4-Drum Rotary Top Containment Unit
 66 gal. spill cap.
 59 1/2" x 73 1/2" x 68"

DRUM Accessories

Drip Pans
1670
Product Features:

- 10 1/2" x 10 1/2" x 3"
- High visibility safety yellow HDPE
- Filled with Polypropylene

Drum Bogie
1613
Product Features:

- Mobile dispensing unit protects against spills and leaks for 30, 55, 95 gallon drums
- Durable polyethylene construction, poly push-pull handle
- 5 - 3" swivel casters for maximum stability, load capacity and maneuverability
- 1,250 lbs. load capacity, spill capacity is 12 gal

Drum Funnel & Cover
1660 funnel
1664 cover

- Compliance: EPA 40 CFR 265.173

Overpack & Salvage Drum

1661 30 gal Overpack

1665 65 gal Salvage Drum

30 gal Overpack & 65 gal Salvage Drum

1661 screw-on lid, 45 lbs.
 31" x 26 7/16" x 31 1/4"

1665 metal band w/bolt lid
 31" x 26" x 38 7/8"

- Product Features:**
- HDPE construction, incinerates completely, operating temperature range -30°F to 130°F, UL 94HB flammable rating
 - UV protection package, constructed of tough, chemical and weather resistant high density polyethylene, use with large non-damaging containers, cans and drums of non-leaking hazardous materials, if leaking, requires sufficient sorbents, STACK TESTED: 3 high maximum weight cap. 24 hrs, DROP TESTED: maximum weight @ 0°F (48 hrs) - 6' drop
 - Approved for use with Packing Groups I, II, & III
 - United Nations (UN) certified to HM-181
 - Compliance: DOT 49 CFR 173.25
 - Meets FDA 21 CFR 177.1520 Food Grade Quality

Bollard Posts

Product Features:

- High visibility, prevents damage
- Durable baked on powder coat in safety yellow
- Made with 1/4" thick steel mounted on 3/8" steel pre-drilled plates
- Black HDPE post removable caps included
- Posts can be filled with concrete for extra protection
- Posts come either square or round
- Anchor hardware not included

Machine Guards

Product Features:

- Provides superior protection for your facilities and equipment
- Create barriers between traffic areas and machinery
- Durable baked on powder coat in safety yellow
- High visibility
- Made with 1/4" thick steel mounted on 3/8" steel pre-drilled plates
- Anchor hardware not included

1730Y
 6" Bumper Post Sleeve
 7 5/8" x 57" 8lbs.

Bumper Post Sleeves

- 1732* 4" Post, 5 3/4" x 56", 5 lbs.
- 1730* 6" Post, 7 5/8" x 56", 8 lbs.
- 1730-72 6" Post, 5 3/4" x 72", 11 lbs. (yellow only)
- 1738* 8" Post, 10" x 57", 9 lbs.
- 1738-72 8" Post, 10" x 72", 15 lbs. (yellow only)

Product Features:

- Makes old bollard posts look like new, resists fading, rusting, cracking, eliminates maintenance
- High-visibility yellow HDPE construction w/UV inhibitors
- Sleeves are 56" or 72" long to trim for exact fit
- Available in 4", 6", and 8" N.P.T. pipe size
- Indicate color codes: Yellow (Y), White (W), Red (R), Blue (BL) Green (GN), Orange (OR), Lime (LM) Brown (BR), Black (BLK)

*Please specify color when ordering

Poly Guide-Post Delineators

1734* G-Post, 6lbs.

Product Features:

- Lightweight, portable, yieldable plastic post used to warn, guide and delineate
- Weather resistant high density polyethylene w/UV inhibitors, 42" high x 5 3/4" width
- Two 3" wide reflective silver bands for night visibility, MUTCD compliant
- Mounted on a 10" square HDPE plate w/anchor slots
- Anchor hardware not included
- Indicate color codes: Yellow (Y), Orange (OR), Lime (LM)

*Please specify color when ordering

SAFETY PROTECTION Products

Column Protectors

- 1706* Square Profile, 24" x 24" x 42" 6" column
- 1708* Square Profile, 24" x 24" x 42" 8" column
- 1710* Square Profile, 24" x 24" x 42" 10" column
- 1712* Square Profile, 24" x 24" x 42" 12" column

Product Features:

- Protection for warehouse and factory beams and columns
- 100% high density polyethylene protectors
- Fits 4", 6", 8", 10", and 12" round or square supports
- Resistant to most chemicals and feature key-lock to prevent slippage and assist installation alignment
- Two halves attach with easy-to-install straps. Yellow w/black straps, orange and lime w/Hi-Vis reflective straps
- All are UV protected
- Indicate color codes: Yellow (Y), Orange (OR), Lime (LM)

*Please specify color

1704
 4"-6" V-profile
 (Yellow Only)

SAFETY Ramps

Poly Curb Ramp
 1794 Yellow, 27" x 27" x 4"
Product Features:

- Use with hand trucks or wheel carts
- Safe and ergonomically correct method to move heavy loads (up to 1,000 lbs) over curbs or steps
- The raised non-slip surface w/ 1" side rails provide excellent traction
- High visibility safety yellow HDPE
- Lightweight (9 lbs.) ramp has 2 handles with rounded edges for easy pick-up, carrying and handling

Poly Ramp for Drum Platforms & Pallets
 1689 Yellow, 45 1/2" x 32" x 8"

Product Features:

- Use with hand trucks or wheel carts
- Safe and ergonomically correct method to move heavy loads (up to 1,500 lbs)
- The raised non-slip surface provides excellent traction
- Connects to the Modular Platforms 1632, 1633, 1634 and the Containment Platforms 1647, 1686 and 1688 (pages 11-13)

Narrow Column Protectors

- 1704 V-Profile, (Yellow only), 13" x 13" x 42", 4" - 6" column

Product Features:

- Protection for warehouse and factory beams and columns
- Absorbs impact from tow motors, minimizing column, fork truck, and personnel injury
- 100% high density polyethylene protectors
- Fits 4"- 6" round or square supports
- Resistant to most chemicals and feature key-lock to prevent slippage and assist installation alignment
- Two halves attach with easy-to-install straps
- All are UV protected
- Yellow only

LETTER from the PRESIDENT

In 2002, with 100 years of my family's tradition of excellence behind it, Strike First Corporation of America was launched in the United States by myself and Angie, my wife. The same quality and attention to details that is the hallmark of the Williams family products follows suit with Strike First Corporation of America. With myself at the helm, we continue to grow internationally as the direct result of our determination to listen to our customer's needs, improve the product accordingly, and remain competitive on pricing; all this while maintaining the highest and most consistent quality.

The fire prevention business in the 21st century is one that requires broad-based knowledge of the industry and constant customer contact. We continue to accomplish that in this competitive environment

while offering the solid foundation, based on years of experience in the fire protection industry, that allows our customers to rest assured that we strive only for the best.

It is our privilege to carry on the tradition of the Williams family here in the United States. Because the Williams family has always demanded the best of me, you can know with confidence that I will offer my best to you.

George K. E. Williams, *President*

IMPORTANT INFORMATION

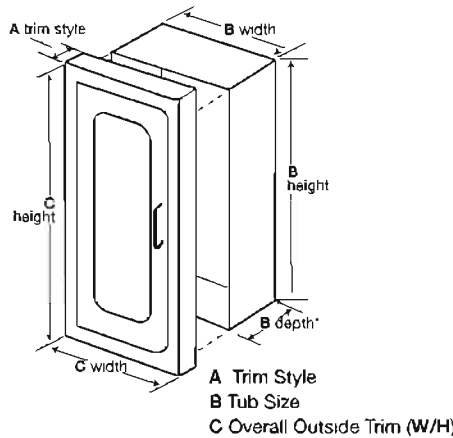

PLEASE NOTE: We have made every effort to make this catalog complete and accurate. We reserve the right to make changes at any time, without notice, in prices, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, and other numbers in this catalog and other printed materials provided regarding these products are approximates based upon design and engineering drawings and prototypes. Your specific cabinet may differ slightly due to variations in manufacturing and equipment. In addition, some information may have been updated since the time of printing. Please contact customer service for complete details on all products

CABINET MEASURING GUIDELINES

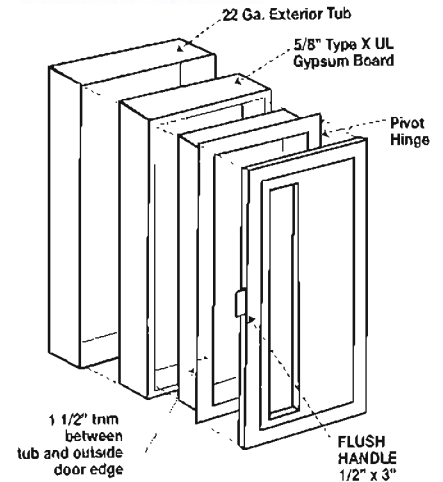

Fire Rating Assembly

How to Measure a Cabinet

SONOMA Series Fire Rating Assembly

Non-Rated

ELITE Series cabinet fronts are 16 gauge cold rolled steel with 22 gauge cold rolled steel tubs. Features full length piano type hinge.

Rough opening for all cabinets should be 1/4" larger than actual tub size.

Trim Style measurement varies depending on the type and size of cabinet. **ELITE** series semi-recessed is 1 1/2" for 5lb., 2 1/2" for 10lb., and 3" for 20lb. Fully recessed is 1/4" for all sizes. **ELITE** series fire rated semi-recessed is 1 1/2" for 5lb., 3" for 10lb., and 4" for 20lb. Fire-rated fully recessed is 1/4" for all sizes. **TITAN** series aluminum cabinets are only available in the 10lb with the same trim sizes as the **ELITE** series. **SONOMA** series cabinets are all trimless.

For more information on measuring and specifying the size of cabinet you need, contact our customer service department.

SONOMA Series Non-Rated

SONOMA Series cabinets are fully recessed and have a concealed hinge.

INSTALLATION OPTIONS

Installs in concrete, masonry, wood, and metal stud walls

FIRE-RATED INSTALLATION GUIDELINE

UL Classified 5/8" Type X gypsum board inserted in the cavity between the two layers. Warnock Hersey has approved the Safeguard Cabinets to be mounted in any face of fire rated steel or wood stud for up to 2 hour rated walls without affecting its fire rating. The above meets the requirement test ASTM-E119-98 with test report WHI-495-1534. **MOUNTING INSTRUCTIONS** are supplied with each safeguard cabinet.

SAFEGUARD

Typical Semi-Recessed Fire Rated Installation

ELITE (EL) cabinet fronts are 16 gauge cold rolled steel with 22 gauge cold rolled steel tubs. Fronts are baked white enamel over rust inhibiting phosphate treated steel. All semi-recessed fronts have radius corners except the Apex 5lb cabinets have a 1 1/2" square trim. Stainless steel fronts come standard with white steel tubs. For full aluminum cabinets see page 7. All cabinets come standard with chrome handles and clear acrylic glazing.

SPECIFICATION PROCESS: Follow the steps below to specify your cabinet. See detail legend on page 3.

STEP 1: EXTINGUISHER SIZE:
 5 - 5 lb. 1 - 10 lb. 2 - 20 lb.
